Forecast for Friday 16 Dec 2022

Weather: After a cold and dry start, cloud and snow spread east in western parts overnight. The snow will clear east later in the morning leaving mainly dry and bright conditions for the rest of the day.

Chance of cloud-free hill tops above 800m: 70% best of the clear conditions from late morning.

Low cloud and visibility: Cloud will become extensive by early morning with a base 400 to 600m but will clear to patchy by the afternoon. Visibility will be very good, falling poor or very poor in snow.
